Alamo Title

Partner with Alamo Title and learn how to increase the volume of your business by utilizing our technology!

Smartview - Alamo Smartview is an online application designed to help you stay on top of your transactions, 24/7. It not only helps you to continue doing what you do best—helping your clients buy and sell real estate but it helps you do it more efficiently. Alamo Smartview is intended to enhance your productivity, mobility, and communication through fast, easy access to every detail of your transactions. Your clients will be happier because you'll be able to provide them faster and more complete customer service.... And happier clients can only mean one thing: more word-of-mouth marketing, more referrals, and more business!

Wireless Internet - Your ability to stay connected to the information you need is important to us. Access email, download and upload files, and browse the Internet at high speeds while away from your home or office at any of the Alamo Title locations.

Alamo Fax - Alamo Fax allows you to turn your fax machine into a digital sender all you need is an email address.

Alamo Agent - Alamo Agent is an efficient, compact and professional way for real estate agents and loan officers to have basic mortgage calculations at their fingertips anytime, anywhere. Alamo Agent can be used from a laptop, PDA or personal PC. It is versatile and easy to use.

Closing Documents on CD - At the close of each transaction your buyers and sellers will now be given a choice of accepting their closing documents as hardcopies or on a personalized compact disk.

Baynet Listing Promoter - Baynet Listing Promoter is a simple, easy to use tool that allows a real estate agent to build a website for their clients' property using the exact address as the URL i.e. 123 Maple Street.com, for the purpose of marketing the property for sale. This distinctive website for the property can be utilized very effectively as a listing tool as marketing exposure and as a means for securing buyers. There is a nominal fee for this service.

Online Market Statistics - Alamo Title has an extensive list of compiled statistics from the Multiple Listing Service (MLS) that are updated on a monthly basis. Once you log into our site you will have access to MLS boundary and zip code maps, appreciation/depreciation rates by area, closed volume YTD, condo market stats, market comparison charts, 5 year market trends, MLS area inventory reports, monthly absorption rates, MLS median reports, sales by property type, sold volume analysis YTD, monthly transaction breakdowns, monthly sold count comparisons and quarterly stats.

Alamo Title Website - Elevate your performance by showing your clients that you are the expert. Access our unrivaled transaction and market statistics, sign up for Alamo Title newsletter and broadcast lists, refer your clients to our vast library of downloadable/printable industry and relocation resources and find personnel, directions and location maps.

Online MCE (Mandatory Continuing Education) Courses - These courses allow you to fulfill your MCE hours via your home computer on your own time. The Texas Real Estate Commission has approved these mandatory continuing education (MCE) courses for existing Texas Real Estate agents. Courses are available individually or in packages.
